

Trade and Sustainable Development Symposium

The biennial Trade and Sustainable Development Symposium, organised by the International Centre for Trade and Sustainable Development (ICTSD) and held alongside the WTO ministerial conference for over a decade, is the leading multi-stakeholder platform for intellectual enquiry and dialogue on sustainable development and the global trade and investment system. It acts as an inclusive platform outside of the WTO negotiating setting for sharing ideas, engaging in dialogue, and influencing trade policy negotiations. Drawing in participants from government, business and civil society, the Symposium helps to maintain and elaborate a global vision of sustainable development in trade and investment policymaking.

Gustavo Zentner
InterPOC - International Point of Commerce
President
Canada
interpoc.com

Gustavo works with export companies and those entering into global markets. He coordinates trade information, market intelligence, and provides senior level executive coaching and advice to company owners.

He is an advisor to government economic development agencies to foster discussion and engagement with private sector for policy development aimed at growth, globalization, and investment attraction.

He support Canadian Manufacturers and Exporters to effectively expand sales networks around the world. His main focus includes trade preparedness and market entry, sharing of best practices in the area of trade, trade training, and negotiations around trade and supply chains.

In 2017, Gustavo was appointed as Honorary Consul of the Government of Brazil to support Economic Development and Foreign Affairs awareness on the international stage.
